

TRU PRECIOUS METALS CLOSES \$3.5 MILLION FLOW-THROUGH FINANCING; ERIC SPROTT BECOMES MAJOR SHAREHOLDER

THIS NEWS RELEASE IS NOT INTENDED FOR DISTRIBUTION TO UNITED STATES NEWSWIRE SERVICES OR FOR DISSEMINATION IN THE UNITED STATES

Fredericton, New Brunswick – June 18, 2021 – TRU Precious Metals Corp. (TSXV:TRU; OTCQB:TRUIF; FSE:706) (“TRU” or the “Company”) is pleased to announce it has completed its non-brokered private placement (the “Offering”) for gross proceeds of \$3,499,250, as previously announced on May 20, 2021. Pursuant to the Offering, TRU issued 12,960,186 “flow-through” units of the Company (“FT Units”) at a price of \$0.27 per FT Unit.

Each FT Unit is comprised of one common share of TRU that qualifies as a “flow-through share” for the purposes of the *Income Tax Act* (Canada) (a “FT Share”) and one “flow-through” common share purchase warrant (a “FT Warrant”). Each FT Warrant shall be exercisable into one common share of TRU (a “Share”) at a price of \$0.35 per Share until June 17, 2024.

Joel Freudman, Co-Founder & CEO of TRU, commented: “I am very pleased to welcome Eric Sprott as a major shareholder of TRU. Mr. Sprott’s participation in this financing is a huge vote of confidence in the Company and the potential of our district-scale land package in the Central Newfoundland Gold Belt. We are also encouraged that the Offering was fully subscribed by institutional investors right from the start, including funds managed by Sprott Asset Management LP, which we consider a testament to our progress to date and our prospects going forward. This funding will allow TRU to proceed with an aggressive and comprehensive exploration program in summer 2021 and beyond, across our entire portfolio in the region, as announced on May 31st and June 15th.”

The gross proceeds from the Offering will be used by the Company to fund exploration programs on the Company’s mineral properties in the Central Newfoundland Gold Belt and other “Canadian exploration expenses” that qualify as “flow-through mining expenditures”, as those terms are defined in the *Income Tax Act* (Canada), including: (i) a comprehensive two-phase exploration program at the Company’s flagship Golden Rose Project; and (ii) a targeted and recently-expanded phase one drilling program at the Company’s Twilite Gold Project.

An eligible finder received, on account of gross proceeds raised from subscribers to the Offering who were introduced by such finder, an aggregate of 1,036,814 units of the Company, each of which consisted of one Share and one Share purchase warrant (a “Warrant”) exercisable into one Share at a price of \$0.35 per Share until June 17, 2024.

The securities issued in the Offering are subject to a statutory hold period expiring October 18, 2021. The Offering is subject to final approval of the TSX Venture Exchange.

The securities issued pursuant to the Offering have not been, and will not be, registered under the United States Securities Act of 1933, as amended (the “U.S. Securities Act”), or any U.S. state securities laws and may not be offered or sold in the United States absent registration or an available exemption from the registration requirement of the U.S. Securities Act and applicable U.S. state securities laws. This press release shall not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of, such securities in any jurisdiction in which such offer, solicitation or sale would be unlawful.
